CORY BROTHERS
# **CORY** LOGISTICS CENTRE

## Location

201 Ainslie Avenue, Hillington Park, Glasgow, G52 4HE

Our warehousing facility is strategically positioned in Scotland's largest industrial estate - Hillington Park. Located on the M8 corridor with infrastructure links to Glasgow and Edinburgh Airports, major ports, and the mainland.

Glasgow Airport is approximately 1 mile away with a global reach servicing key destinations across Europe, Africa, Asia, and North America.

This prime location enhances our local and global freight distribution across all transport modes: air, sea, road, rail, and express courier.

# BENEFITS

### Increase Efficiency & Reduce Costs

- Digitised systems lead to faster document processing and retrieval, reducing the risk of mistakes, replication or human errors.
- Manage business processes in a timely and cost-effective manner.
- Reduce paper, document storage, printing, and postage

### Enhance business relationships

- Increased accuracy through automated systems improves customer trust in data integrity.
- Transparency of the WMS portal allows customers the peace-of-mind of real-time visibility.

### Improve Supply Chain Management

- Efficient order management with automated delivery and stockholding times.
- Advanced visibility & forecasting with improved management data and audit trails.
- Reduce invoice & payment lead times by integrating EDI into ERP.

### Competitive Edge

- Hold an advantage over non-EDI competitors, by leveraging lower costs, increased efficiency of a fully automated Supply Chain, with audit trails and enhanced Supply Chain visibility.
