Delivering Excellence - Worldwide

Meachers Global Logistics is one of the UK's leading independent providers of logistics services. For over 50 years, the company has built an enviable reputation by providing customers with *Complete* supply chain solutions to their Freight Forwarding, Warehousing, Distribution, Logistics and Contract Management, Training and Advisory requirements.

The Company combines industry knowledge and know how, with best practices, advanced technology and experienced staff to drive efficiencies and stay one step ahead of industry demands. The Company is a shareholder and founder of national logistics group LinQ Alliance. It is ISO 9001:2008 accredited and proud of the reputation it has built around the core values of quality, service, experience and *Complete* solutions.

Through its consultative *Complete Logistics Solutions* approach Meachers Global Logistics thoroughly analyses a company's business requirements before developing a *Complete* solution. From freight forwarding and warehousing, through to supply chain management, transport and distribution Meachers Global Logistics delivers excellence worldwide.

Complete Logistics Solutions

The unique *Complete Logistics Solutions* model is based around four key phases and underpins the Company's business approach by focusing on the principles that lie at the core of the organisation.

1. Knowledge

The first step in the process draws upon the expertise and professional skill within the organisation. Our industry experts analyse your problems and gain insight into the challenges you face.

2. Solution

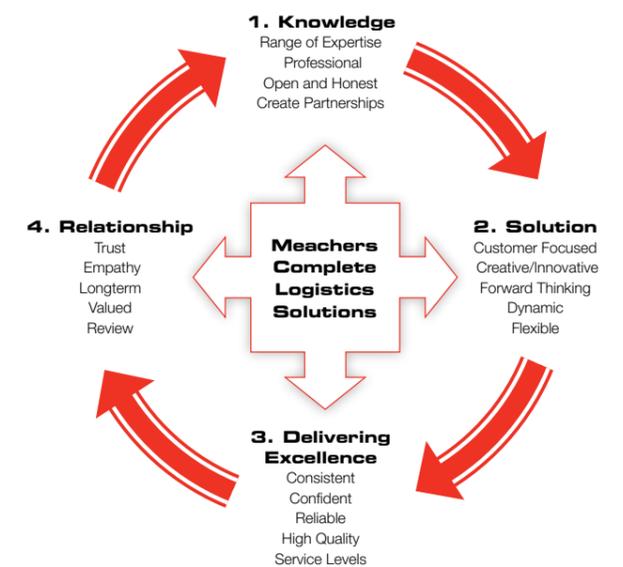

Meachers Global Logistics is solution focussed and creates customer centric flexible and fluid solutions to even the most complex logistics problems.

3. Delivering Excellence

At this step we consistently and confidently deliver and implement high quality levels of service backed up by our reputation for reliability and excellence.

4. Relationship

We believe strongly in partnership built on trust, rapport and empathy with our customers. During this phase we review our relationships and look at how they can be further developed. We regularly review our relationships to ensure they are continually improved and developed.

Freight Forwarding Services

Meachers Global Logistics engages with customers to provide the *Complete Freight Forwarding* solution. Specialist teams provide an extensive portfolio of services based around the core forwarding areas of Air, Sea and Road. From direct airline and consolidation services through to deep sea container and international road freight, Meachers Global Logistics has earned a reputation as one of the UK's leading independent freight forwarding companies.

Since originating in 1958 the Company has put customer care and support at the heart of all its forwarding services. This means that customers can be confident in dealing with an experienced team of logistics experts that can provide advice, support and *Complete Freight Solutions* to meet even the most complex demands of the global market place.
