We use bespoke inventory software to keep track of stock, offering customers instant online access to real time reports and stock movement history.

"TomTom have been working with infinite Logistics and warehousing for in excess of 5 years. They have been extremely crucial to helping us build our brand, ensuring our products and display equipment not only are stored in a secure convenient location, but also ensuring products and point of sale are at the relevant places on time and undamaged."

- Andrew Stocks, Sales & Marketing Director, TomTom Sport
