

Your professional, reliable and efficient **supply chain partner**

OPX Distribution
Supporting supply chains

We are **OPX Distribution**

We provide a total fulfilment and logistics solution for our client's e-commerce fulfilment, storage and distribution requirements.

We are a team of passionate and experienced professionals who take pride in providing exceptional service to our clients. With years of industry experience and expertise, we understand the importance of timely and efficient delivery of goods, and we are committed to delivering on that promise every time.

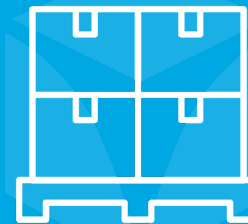

At OPX Distribution, we believe in building strong relationships with our clients based on trust and transparency. We work closely with our clients to understand their unique needs and challenges, and we tailor our services to meet those needs. Whether you are a manufacturer, wholesaler, or retailer, we are here to help you streamline your operations and reach your customers with ease.

Our state-of-the-art facilities and cutting-edge technology enable us to manage inventory, handle logistics, and provide timely delivery while maintaining cost-effectiveness. We pride ourselves on our attention to detail, and we ensure that every shipment is carefully tracked and monitored to ensure its safe and timely delivery.

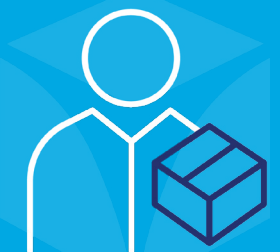

We understand that every business is different, and we are committed to providing bespoke solutions that meet our clients' unique needs.

Trust us to handle your e-commerce fulfilment operation with the following simple process:

B – Very Good

Sustainability

Sustainability plays a big part in our company ethos; and we fully appreciate our business activities have a significant impact on climate and the environment.

Since OPX Distribution was born in 2021, we have had sustainability at the forefront of our minds. Our Headquarters in Ignition Park is newly built and our Fulfilment Centre in Faraday Park has been recently refurbished... and both facilities have been issued with a B Rating BREEAM Certificate.

Each of our facilities has solar panels installed that help to power our office and warehouse spaces.

We have invested in Pix® Warehouse Storage Bins from Pallite®, a flexible, high-density storage solution perfect for smaller picking items. They can be found throughout our fulfilment centre.

They are strong and durable and help our team improve picking efficiency, ultimately helping improve our processes whilst working towards our sustainability goals.

PRIME LOCATION IN SWINDON,
JUST OFF THE M4

Prime Location

Both of our Fulfilment Centres are situated in an established Business Park in Swindon – 2.5 miles north of J15 of the M4

They are situated on Faraday Road, in the prime industrial area of Swindon, with direct access onto the A419 dual carriageway and within 2.5 miles of Junction 15 of the motorway. The A419 also provides access to Oxford and the M5 to the North East. Swindon town centre lies approximately 3 miles to the West.

Location	Miles	Time
M4	3.7	5 mins
M5	28	46 mins
Oxford	30	48 mins
Reading	42	47 mins
Bristol	25	52 mins
London	80	1 hr 31 mins
